"Our school libraries are the center of knowledge. Though differently resourced, they are the one thing all schools have in common. I am looking forward to speaking at AASL and being surrounded by a community that is solely focused on the preservation and distribution of knowledge to our future leaders."

Dr. Omékongo Dibinga

"I am excited to speak at AASL about antiracist education and culturally relevant instruction. A school whose library is not adequately resourced cannot fully engage in creating an antiracist community. I am excited to be speaking amongst a community already committed to this work!"

"School libraries are an essential resource for students and teachers alike. I'm excited to speak at AASL because I am constantly in awe of the power of libraries--to educate, to inspire, and to transform our understanding within a world that badly needs such thoughtfulness."

Kekla Magoon

OCTOBER 21-23 2021  
national.aasl.org

"I love walking into a school library and feeling the sense of community, connection, and engagement that can be fostered there. In our world today, true literacy requires so much more than simply knowing how to read words on a page, and school librarians stand at the forefront of the movement to create thoughtful, empowered young citizens."

Kekla Magoon

OCTOBER 21-23 2021  
national.aasl.org

"I learn so much from the school libraries I visit. I'm honored to speak at AASL and to have the opportunity to give something back. I write characters who are striving to transform their communities through activism, and librarians do that work in the real world day by day, one book at a time, one reader at a time."

Kekla Magoon

"Aside from the opportunity to travel and meet with friends...attending AASL21 will present you with innovative ways to advocate for and be at the forefront of redefining the role of school librarians and school libraries in a post-pandemic world."

Jillian Ehlers  
Conference Co-Chair

"The opportunity to meet and interact with school librarians from all over the US is priceless! The learning and exchange of knowledge and practices is undeniably the BEST part of attending AASL. See you Salt Lake!"

Liz Phillipi  
Conference Co-Chair
